MIRU24  PRODUCT

A man in a dark suit, white shirt, and yellow tie, wearing a black bowler hat. Instead of a face, three stacked brown paper coffee cups with white lids are positioned on his head. Each cup has a green diamond-shaped logo and the text 'MIRU24' printed on it. The background is a soft-focus landscape with a blue sky and a body of water.

ABOUT US

Brand Overview

In an era of fast consumption, we choose to redefine takeout packaging with an artist's sensibility. Each of our kraft takeout boxes transcends mere functionality—it is a fusion of high-quality materials, precision craftsmanship, and aesthetic value.

From paper selection, grammage, and lamination to every fold and curve, we approach industrial production with an "artistic" mindset. This elevates packaging from a supporting role to an integral part of the brand experience.

We believe:
Good packaging is not wasteful

it is a visible expression of brand taste and responsibility.

01

We insist on using exquisite, aesthetically pleasing, high-quality products to give dining brands the confidence they deserve.

Our packaging carries not only delicious food but also brand value.

We manufacture products, but what we present is aesthetics and quality.

We focus on materials and structure, but we think about the user experience.

We pursue efficiency, but we retain an artist's sensitivity and discernment.

MIRU 24 PRODUCT

MIRU 24 PRODUCT

Your culinary aesthetics solution,
pioneering a new approach to premium quality

We adhere to
 a minimalist, refined, and modern design style,
 transforming packaging into a restaurant's
 "portable calling card."

- When paired with fresh ingredients, it delivers a minimalist, eco-friendly visual experience that embodies lifestyle aesthetics;

- It appears natural and visually appealing across diverse settings —from home dining tables and office lunches to takeout delivery, restaurant packaging, and retail food displays;

- Suitable for salads, fruits, light bites, pasta, bento boxes, and other meal types, it effortlessly accommodates both hot and cold dishes.

Sustainable Approach

All products utilize premium paper materials (FSC) compliant with EU food-grade standards. Through advanced creasing, forming, and coating processes, they deliver professional performance that is stable, oil-resistant, heat-resistant, and moisture-resistant. Microwave-safe and refrigerator-safe.

We embrace substantiality and grandeur without compromising on sustainability.

All paper products are recyclable, and lightweight structural designs reduce transportation energy consumption, ensuring premium packaging aligns with
